26:8-40.21. Birth defects registry

The State Department of Health shall establish and maintain a birth defects registry which shall contain a confidential record of all birth defects that occur in New Jersey and any other information that the department deems necessary and appropriate in order to conduct thorough and complete epidemiologic surveys of birth defects that occur in this State and plan for and provide services to children with birth defects and their families.

L1983, c.291, § 2.

Historical Note

Effective date, see Historical Note under § 26:8-40.20.

26:8-40.2. Confidential reports of abortions of fetus with or infant affected by birth defects

a. The Commissioner of Health, in consultation with the Public Health Council, shall require the confidential reporting to the Department of Health of all cases where a pregnancy results in a naturally aborted fetus or infant affected by a birth defect, and an electively aborted fetus that exhibits or is known to have a birth defect after 15 weeks of gestation. The reporting requirement shall apply to all infants from birth through one year of age.

b. The Commissioner of Health shall determine the health care providers and facilities which shall be required to report all birth defects, the types of conditions or defects that shall be reported, the type of information that shall be contained in the confidential report and the method for making the report. In reports concerning all fetuses with anomalies, the name of the mother shall not be submitted.

Historical Note

Effective date, see Historical Note under § 26:8-40.20.
